

include/core/TridiagMat.hpp

```
graph TD; A[include/core/TridiagMat.hpp] --> B[cmath]; A --> C[stdexcept]; A --> D[vector];
```

A diagram illustrating the dependencies of the file `include/core/TridiagMat.hpp`. The file is shown in a grey box at the top. Three blue arrows point downwards from this box to three separate white boxes below it, labeled `cmath`, `stdexcept`, and `vector`.
