

testing::Test

```
graph BT; A[TypedTestWithNames< T >] --> B[testing::Test];
```

The diagram illustrates a relationship between two classes. At the top is a white rectangular box with a black border containing the text 'testing::Test'. At the bottom is a gray rectangular box with a black border containing the text 'TypedTestWithNames< T >'. Two blue curved arrows originate from the top edge of the gray box and point upwards to the bottom edge of the white box, indicating that 'TypedTestWithNames< T >' inherits from or specializes 'testing::Test'.

TypedTestWithNames< T >
